

Press release

Former Vice President Finance & Controlling for DACH and EMEA EAST at Software AG joins iTAC

Andreas Eckert is the new CFO of iTAC Software AG

Montabaur, 05 October 2023 – Andreas Eckert is the new Chief Financial Officer (CFO) of iTAC Software AG (www.itacsoftware.com) with effect from October 1, 2023. The manager is switching from Software AG to the MES/MOM specialist. The new CFO aims to further strengthen iTAC's growth and profitability, expand its market position and establish the company more prominently in the MOM (Manufacturing Operations Management) segment. iTAC has developed from a traceability expert for discrete production processes into a global MOM player for a wide range of industries.

iTAC Software AG is a globally active IT and software company with a 25-year history and a pioneer in the field of Industry 4.0. As the new CFO, Andreas Eckert is in charge of the company's finances and supports CEO Peter Bollinger and Board member Martin Heinz in corresponding strategic questions.

After graduating with a degree in industrial engineering, Andreas Eckert began his professional career at Deutsche Telekom. In 1998, he switched to Software AG, where he held various positions in Controlling at the national level and, since 2007, at the international level with a management function. Most recently, Andreas Eckert was responsible for Finance & Controlling in the DACH and

EMEA EAST regions and led a team of 35 employees. He was also the head of Controlling for Software AG's global Professional Services business.

In his new role as CFO of iTAC Software AG, Andreas Eckert is responsible for the development and implementation of the company's long-term financial strategy. "I am very much looking forward to my new task. Together with my colleagues on the Management Board, Peter Bollinger and Martin Heinz, I am pursuing the goal of further strengthening the company's growth and profitability and expanding its market position. Our joint mission is to establish iTAC as a leading player in the MOM segment and to help shape the next industrial revolution with our solutions. With the Dürr Group as our holding company, we live a strong partnership and can always rely on support.", explains Andreas Eckert.

About iTAC

iTAC Software AG, an independent company of the mechanical and plant engineering firm Dürr, provides internet-enabled information and communication technologies for the manufacturing industry. Founded in 1998, the company is one of the leading MES/MOM providers. The iTAC.MOM.Suite is a holistic Manufacturing Operations Management that is used worldwide by companies in different industry sectors such as automotive, electronics/EMS, telecommunication, medical engineering, metal casting and energy. Additional services and solutions for implementing IIoT and Industry 4.0 requirements complete the portfolio. iTAC Software AG is headquartered in Montabaur, Germany and has offices in the USA, Mexico, China and Japan and has a worldwide partner network for sales and service. iTAC's philosophy is to connect people, data and systems.

The Dürr Group is one of the world's leading mechanical and plant engineering firms with extensive expertise in automation, digitalization and energy efficiency. Its products, systems and services enable highly efficient and sustainable manufacturing processes in different industries. The Dürr Group primarily supplies the automotive industry, producers of furniture and timber houses as well as the chemical, pharmaceutical, medical devices and electrical engineering sectors. It generated sales of €4.3 billion in 2022. The company has about 19,000 employees and 123 business locations in 32 countries.
